# Nube Jars

## Your choice for personal care applications

Weener Plastics offers Nube, a cosmetic jar with lid available in two sizes: 200 ml and 300 ml. Nube is perfectly suitable for Personal Care applications such as facial, hair and body care. The Nube jars can compliment a complete packaging range.

### Elegant

The glossy surface and soft line rounding give the Nube jars an stylish presence. The lids have a slightly elevated surface in the middle for a distinctive look. Special material effects and metallic colours can enhance a luxury appearance.

### Functional

The Nube jars are easily processable on highspeed filling lines. The sides are straight and offer a large surface for decoration.

The screw lids have a tight sealing. They offer a good grip for a convenient opening and closing, even with moist or wet hands.

The polypropylene jars and lids are easy recyclable.
