Spout Closure 38/400

An exciting dispensing sensation

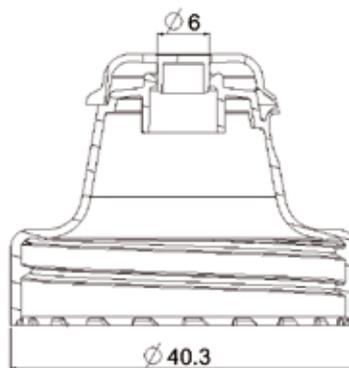

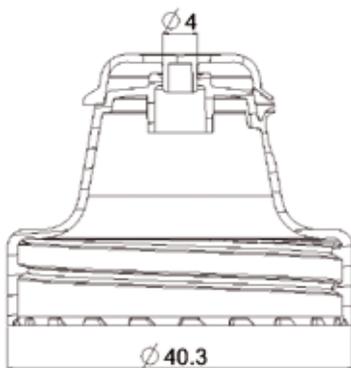

Spout Closure 38/400

An exciting dispensing sensation

Plasticum offers a lightweight spout closure that is ideal for the dispensing of a wide variety of Food applications, including ketchup, honey and mustard. A controlled and convenient dosing are the distinguishing benefits of this Spout Closure 38/400. It is the right choice for a consumer friendly and sustainable solution.

The closure is light, but yet functional. It has a smooth contour to enhance the processability. The hinged lid for opening and closing has been conveniently positioned at the top of the spout. When dispensing the requested portion size, the last drop will be sucked back into the bottle, eliminating any dirty remains.

The screw closure fits on PP, PE and PET bottles with a standard neck finish of 38/400. It is offered with two orifice sizes, 4 mm and 6 mm, depending on the viscosity of the product. The high gloss surface finish gives the closure a distinctive look.

Unique Benefits
